

NOTICE:

Updated HCG PA Grid Effective 1.1.18

Dear Providers,

Effective 1.1.18, Health Choice Generations will have an updated Prior Authorization Grid. The updated grid changes include but are not limited to:

- Dialysis no longer requires notification, and does not require prior authorization for in network providers.
- Physical Medicine & Rehabilitation Physicians may now render Nerve Conduction Studies without prior authorization.
- Podiatry-All Service require Prior Authorization except for routine diabetic foot care.
- Viscoelastic Supplementation require prior authorization (J7320-J7328)
- Aveed and Testopel Testosterone require prior authorization (96372, 11980, J3145, C9023)

Please visit www.hcgenerations.com to review the updated Prior Authorization Grid and also find the Prior Authorization Request Form.

Please reach out to your Network Representative with any questions

Thank you,

Health Choice Prior Authorizations
